Qaddafi Wants Reagan Tried for Purported Plot

TRIPOLI, Libya, Nov. 7 (AP) — The Libyan leader, Col. Muammar el-Qaddafi, said today that President Reagan should be put on trial for a purported Central Intelligence Agency plan to undermine him. Mr. Qaddafi called the plan "more scandalous than Watergate."

He said that if the report of the plan proved true, Libya would retaliate with a campaign of internal subversion in the United States.

Mr. Qaddafi, 43 years old, said at a news conference at his heavily guarded barracks office that published reports that Mr. Reagan authorized a C.I.A. plan to undermine the Libyan Government amounted to "a new Nazism by

the American Government."

"I think this is a serious violation of the law perpetrated by the American President, and I think he should be tried according to American law," Mr. Qaddafi said.
